

Job Opening

Assistant Grower

Heritage Prairie is looking for hard-working, energetic assistant growers to help during the growing season. Patience and a good sense of humor are vital, as well as a strong work ethic, ability to work independently, and willingness to get dirty. This is a physically demanding job so expect to work all your muscles over the summer. Farm work includes, but is not limited to; weeding, planting, field prep and care, harvesting, grounds maintenance, and guiding education groups.

Heritage Prairie is a 6-acre farm located an hour west of Chicago near Geneva, IL. We raise vegetables, herbs, micro-greens, and cut flowers. Our markets include an onsite store, Chicago's farmers markets and restaurant accounts both in the city and the surrounding suburbs. Our four movable greenhouses maximize the efficiency of our property allowing us to produce vegetables year round.

The farm is three miles from the Lafox METRA train station that services the Chicago area. Full-time seasonal positions are available April - October. Compensation is hourly, based on experience. Please send resume and a letter of interest to Mike@hpmfarm.com. For more details about the farm visit www.hpmfarm.com
